PULL-UPS

Product code: SK0702

Pull-ups are permeable, comfortable items that seem and feel like actual underwear. Ideal for personal use on oneself, they can slide off and on, and provide a relaxed and comfy feeling. For day or overnight use, they come in all shapes and sizes, no matter your requirements; pull-ups are for everyone. Different options are: overnight pull-ups, gender-specific pull-ups, and youth pull-ups.

ADULT DIAPERS

Product code: SK0701

Adult diapers are other very absorbent and convenient options for those facing incontinence. This item has a tendency to work better for people taking care of someone else. Their simple reusable strips make it easier to place them on a loved one with the correct comfort. We ensure options that work for almost everybody. For more safety and extra improvement of permeability, a supporter pad may be positioned inside a diaper with tabs

PADS

Product code: SK0102

Pads are another alternative offering sponginess, wellbeing and convenience. Naturally stack into the user personal underwear with an adhesive backup, they are impeccable for the ones who need protection but doesn't like to wear any of the previous options: pull-up or tab-style diaper. For still more protection, there are the belted pads and the pant liners. We provide also heavy-duty pads for bowel incontinency.
