

OSSUR IS CASTING & SPLINTING

Life Without Limitations®

TECHFORM® I

Techform I was designed by and for orthopaedic casting professionals who look for a superior handling experience and a smooth, strong finished cast.

Techform I incorporates a patented rub-responsive formula that works with our unique fabric to produce the best finished cast you'll ever see.

You'll roll your best cast every time!

- Techform glides off the roll easily
- Soft, conformable rolls allow for easy handling
- "Rub responsive" formula adapts to your technique: the more you rub it, the smoother it gets
- Excellent lamination ensures strength and durability
- Smoother finish is non-abrasive and snag-free for fine clothing
- The ends of the roll easily lay down and stay down
- A smoother cast increases patient satisfaction!

TECHFORM® II

Techform II is the premium quality cast tape. Years of research and feedback from orthopaedic casting professionals have helped our engineers produce a tape that leads to...

The Fastest Roll-out Ever!

Our new formula results in a cast tape that rolls out more easily, more smoothly and faster than ever seen before!

- Strong and durable finished cast
- Fantastic molding and conformability
- Fast set-up and dry time

Techform casts are engineered to be extremely smooth and therefore very patient friendly. Our unique manufacturing process results in trailing ends that do not fray.

Life Without Limitations®

TECHFORM® ORTHO-ROLL™

Developed in collaboration with orthopaedic professionals, Techform Ortho-Roll represents the first major breakthrough in orthopaedic splinting technology in decades.

In focus groups, Techform Ortho-Roll rated from “Good” to “Excellent” in every key category, including handling, conformability, padding, water retention, dispensing method, ease-of-use, overall appearance, and overall satisfaction. Techform Ortho-Roll simply performs better.

PART#	SIZE	PART#	SIZE

Plexi Boxes

PART#	SIZE
13018	Small Plexi Box (1", 2", 3")
13019	Medium Plexi Box (4", 5")
13031	Large Plexi Box (6", 8")

Patent #'s: U.S. pat. 7,240,876 and 6,824,522; other U.S. and foreign patents pending

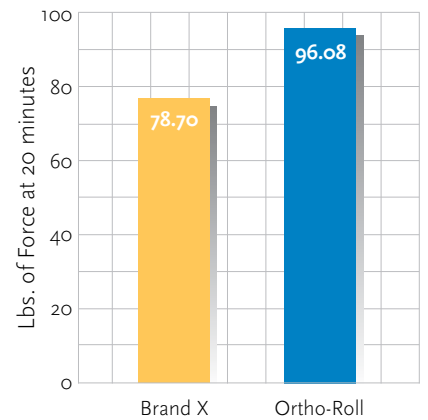

Instructions are right on the box

Simply cut the splint leaving 1-3" remaining. Close the door

Clear Plexiglass Ortho-Roll Containers make storage in your facility easy

Ortho-Roll Offers Superior Strength

1. Open the door & remove foil seal

2. Pull out the Ortho-Roll splint

3. Cut splint to the desired length

4. Leave 1-3" and close the door

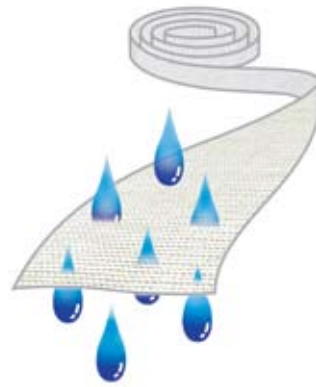

Temporary positioning strap included with each box of Ortho-Roll.

Positioning Strap

PART# ACCESSORY

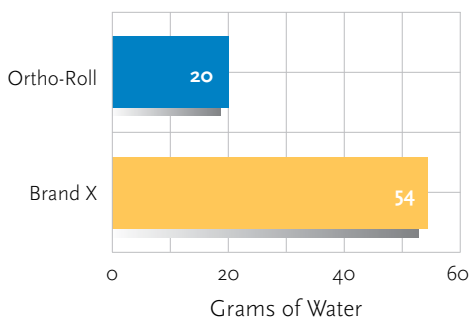

13302 Positioning Strap (12 pack)

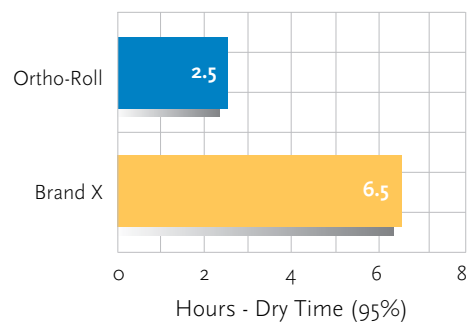

QUICKDRY™

Quickdry is a patented, revolutionary orthopaedic padding material. Quickdry padding never really stays wet. Water simply passes straight through it. The result is a reduced risk of skin maceration. Plus, it saves you application time.

Ortho-Roll Retains Less Moisture

Quickdry Padding Dries Faster

Life Without Limitations®

TECHFORM® PRE-CUT SPLINTS

Techform Pre-Cut Splints have the same key features as our patented Ortho-Roll splinting material, including our patented Quickdry padding. Each splint comes pre-packaged in an individual foil pouch, perfect for those who prefer to eliminate waste of splint material.

Our selection includes 8 sizes, a full variety of lengths and widths to accommodate all your splinting needs.

PART#	SIZE	QUANTITY

TECHFORM® FUNCTIONAL SPLINTS

Techform Functional Splints are strategically pre-shaped to simplify the application of a wide variety of upper extremity short arm splints. There is simply no other splinting system as easy to use.

When using Techform Functional Splints, the pre-shaped design enables you to speed up your application, so you can concentrate on functionality and molding. Plus, Techform Functional Splints will cover twice the anatomy compared to a traditional rectangular shaped splint.

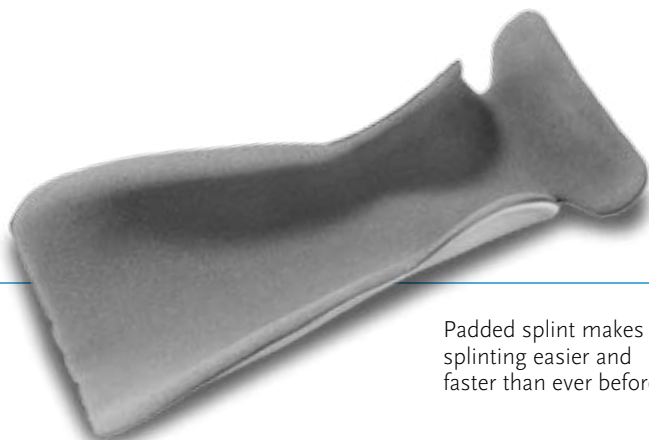

Techform Functional Splints may be used for virtually any short arm splint technique. The splints are pre-packaged so that there is no waste, and come in a pre-padded or non-padded version.

- A single unique pattern that allows you to form a Short Arm Splint, Ulnar Gutter Splint, Thumb Spica and more!
- A superior fit and function. Our patented contoured pattern is strategically shaped to conform to the anatomy
- Simple application is faster and easier than other rolled or pre-cut splints
- Provides up to 100% more surface area coverage when compared to traditional rectangular splints
- Dramatic molding capabilities -Techform drapes and conforms effortlessly, providing a more intimate fit
